

Antonio Caruso

Born in Italy, Antonio Caruso is a graduate of the Brera Fine Arts Academy of Milan and the Carrara Fine Arts Academy of Bergamo. He has been on the art scene in Canada since 1982 and specializes in fresco, frescografia and wood sculptures. His works are found in museums, churches, cathedrals and private collections throughout North America and Europe.

In 2008 Canada Post first featured Caruso's artwork on one of their Christmas designs. They followed up in 2009 with the remaining 3 sculptures of the crèche that the 2008 design came from. Each of the 2008/2009 sculptures were miniatures between 2" - 5" high. For 2010, Canada Post wanted to showcase a non-miniature sculpture and chose the 2 foot high Madonna and Child.

The Nativity
